CYBERCOM RENEWS PARTNERSHIP WITH ACCOR

AUCKLAND, NEW ZEALAND - CyberCom has today finalized a two year contract renewal with Accor Hospitality New Zealand to provide the internet kiosks in their hotels throughout the country.

In continuing their highly successful partnership, new features that will be introduced include customized login screens and

free to browse areas in which hotel guests can forward book in Accor hotels and sign up to join their loyalty program A|Club.

Accor currently has 29 hotels in New Zealand, approximately 3200 rooms a night, across New

Zealand with a network of easily recognized brands in the economy, midscale and upscale categories. These include ibis, Mercure, Novotel, Grand Mercure, MGallery and Sofitel.

CyberCom Global looks forward to a continuing our long and mutually beneficial partnership with the Accor Hotels group moving forward.

CYBERCOM PARTERS WITH THE RODNEY DISTRICT COUNCIL

AUCKLAND, NZ— After coming to an agreement late last year CyberCom and the Rodney District Council have formed a partnership to provide wireless internet connectivity at the Orewa Holiday Park North of Auckland.

Travellers staying at the holiday park now no longer need to be out of touch with wireless access now available

throughout the facility.

CyberCom looks forward to working with the Council and the staff at the

park to keep people in touch while they're taking some time out to relax in this fantastic part of New Zealand.

CYBERCOM EXPANDS INTO CAMBODIA

JANUARY 2009 – CyberCom Global is pleased to announce further expansion in the Asia Pacific Region. We have now partnered with a number of premier hotels in Siem Reap in Cambodia.

As a part of our ongoing commitment to working with develop-

ing nations we see our entry into the Cambodian market both as an opportunity to further extend the penetration of our products into the Asia Pacific Market.

This growth will also provide opportunities for people in Cambodia to gain valuable experience working

for a Multinational IT company.

Since our deployment at the Angkor Star Siem Reap we have also had finalized two further contracts with other major properties in the region.

We look forward to working more in this amazing country.

“This growth will also provide opportunities for people in Cambodia to gain valuable experience working with a Multinational IT Company”

SILVEROAKS GROUP

JANUARY 2009—We are have now deployed internet kiosk machines and wifi hot spots throughout 6 Silveroaks properties around New Zealand.

The Silveroaks group is an intimate mix of three and a half to four star properties located

around New Zealand.

The Properties are located at a range of prime business and tourism sites around the country, we look forward to working with this dynamic chain.

The properties are:

- The Oakwood

- Manor
- Quality Inn Manukau
- Ambassador Hotel Hamilton
- Quality Resort Heritage Rotorua
- Royal Geyserland Hotel Rotorua
- Sharella Motor Inn Wellington
